1493 Uncovering The New World

After his best-selling book, 1491: New Revelations of the Americas before Columbus, Charles Mann wrote a sequel, 1493: Uncovering the New World Columbus Created. 1491 reconstructs what North and South America were like before European contact, showing that the Americas were among the most densely populated regions of the world.

1493: Uncovering the New World Columbus Created: Mann ...

Now in 1493 he tells how the world was changed forever by the movement of foods, metals, plants, people and diseases between the 'New World' and both Europe and China. His book is readable and well-written, based on his usual broad research, travels and interviews. A fascinating and important topic, admirably told."
