Depending on the type of vehicle you have, the engine that is in it and the location of the oil leak, repair costs can range from as little as \$150 to as much as \$1200. The good news is there is often another solution to repair your engine oil leak. Replacing the leaking seal or gasket in some cases is necessary, but often times can be overkill.

Engine Oil Leak Repair Cost | BlueDevil Products

Everyone knows that motor oil lubricates engine bearings and moving engine parts, but many don't realize that oil also cools parts as well. Splash from the connecting rods, and on some engines jets of oil, cool the underside of the pistons, but the oil also carries some heat away from all the components it contacts.
