3 reviews of Turoc Concrete Design "As you are very well aware, I am extremely unhappy with the work that was performed and paid for up to this point from Turoc Concrete Design/Ryan. This termination is due to and not limited to... not doing what I (Client/Customer) have asked, wanted and paid for. No show at the job site multiple times, with no notice at all.

Concrete Design & Production. Concrete is a mixture of two components: aggregates and paste. The paste, comprised of cement and water, binds the aggregates (usually sand and gravel or crushed stone) into a rocklike mass as the paste hardens. A properly proportioned concrete mix possesses acceptable workability of the freshly mixed concrete and durability, strength, and uniform appearance of the hardened concrete while being economical.
