Ford Expedition Transmission Fluid Leak

If you've found red fluid under your Ford Expedition, you probably have a transmission leak. A transmission leak is a big deal. If you let too much transmission fluid leak, the transmission will begin to slip, which can quickly cause long term damage. Unlike oil, transmission fluid is flammable, and will flash if it hits the exhaust manifold.

Ford Expedition : Transmission Fluid Leak Causes ...

Your Expedition should be running when you check your transmission fluid level, otherwise the transmission fluid level on the transmission fluid dipstick will not be accurate. The video above shows how to fix minor transmission fluid leaks in a 2004 Ford Expedition. If you have automatic transmission problems in your Expedition, ie: it hesitates when shifting gears or seems sluggish shifting from one gear to the next (1st to 2nd gear, 2nd to 3rd gear, 3rd to 4th gear, etc.) check your ...

Transmission Fluid Leak Fix: 2003-2006 Ford Expedition ...

Figure 6. It's clear from this angle that transmission fluid is leaking. From where, exactly, is more difficult to determine. Step 5 - Overflow. Definitely the easiest to both check and fix, an overflowed transmission will leak from various places when pressurized until the level has returned to a normal amount, and then will hopefully stop.

Ford F-150/F-250: What Causes Transmission Leaks? | Ford ...

2011 Ford Expedition King Ranch with 22,000 miles was gushing transmission fluid while driving. The entire back of the truck was covered with this fluid.
