Anatomy And Physiology Marieb 7th Edition
While writing those articles, Dr. Marieb decided to write her own laboratory manual, which across the United States became the most widely used lab manual in colleges and universities, soon after it was published in 1981. Dr. Marieb then set out to write what would become her magnum opus—her human anatomy and physiology textbook. Having known both roles as a student and as a teacher gave Marieb special insights into foundational knowledge that nurses needed to master.
