Global progression []. Since you cannot explore the terrain, setting up farms for resources is vital to game progression. Tree farm []. Wood is crucial at the beginning of a skyblock map because it is the only renewable block available at the beginning of the game (unless you have immediate access to lava and water, in this case, you can make a cobblestone generator).

Tutorials/Skyblock survival - Official Minecraft Wiki

Introduction []. The nether can be a dangerous hellscape for ill-prepared players. It is filled with a host of exclusive mobs not found in the overworld: hostile ghosts, magma cubes, hoglins, piglins, and the neutral zombified piglin, and also one passive mob, the strider. The terrain is much harsher to navigate than in the overworld, with one false step potentially plunging you into an ocean ...
