Florida Roofers | Jacksonville, Florida | Turnkey Construction

Common usage. Turnkey refers to something that is ready for immediate use, generally used in the sale or supply of goods or services. The word is a reference to the fact that the customer, upon receiving the product, just needs to turn the ignition key to make it operational, or that the key just needs to be turned over to the customer. Turnkey is commonly used in the construction industry ...

Residential Construction - TurnKey Construction, Inc

Forbes recently called 2020 The Year of the ADU. Due to a heavy push for affordable housing—perfectly timed with state regulation adjustments and advancements in construction technology—building additional structures and living spaces will be easier for homeowners this year. From prefab to design-build, the options are endless for Californians who want in-law units, guesthouses, or [...]
