Effects | Facts - Climate Change: Vital Signs of the Planet

Answer: Every time a new politician steps into the ring, he promises change. But change can be good or bad. We know we should change oil, lightbulbs, and dirty diapers. And growth requires change. But many people believe we should also change our morals, ethics, and beliefs to accommodate changes in culture.

What does the Bible say about change? | GotQuestions.org

Change is only a waste to those who don't learn from it. Change happens in the heart before it is proclaimed by our works. Change chaps those moving slower than the change itself. If you can change before you have to change, there will be less pain. Change can flow or jerk, depending on our resistance to it.

What is Change

Change isn't a one-way street, and the more you can tolerate that, the more you can help someone continue to move forward even when they are struggling to themselves. For more information about how to tolerate that, check out the 20 Minute Guide (www.the20minuteguide.com).

Understanding Change - CMC

Sometimes you just have to let go. Change can be scary because we like control. When crazy things happen, it can make us feel helpless. But remember that even if you can't control what happens around you, you still get to decide what you're going to do about it. #5 - Change Prepares You For Disappointment. Change is unavoidable. So why ...
