Wordplay The Philosophy Art And

Taken together, the art and the essays show how the very shape of letters can change our idea of words and their meanings. As Dan Brown says in the Foreword of this revised edition, John Langdon brilliantly rearranges the familiar, casting it in a new light. Both playful and profound, Wordplay will challenge you to take a second look at your world.

The first edition of this book, Wordplay: Ambigrams and the Reflections on the Art of Ambigrams, was published in 1992. After his work with the best-selling author Dan Brown on the book Angels & Demons, interest in ambigrams increased. He revised Wordplay and published a second edition including color plates of some of his pieces. The words he selected to create ambigrams with are very important in his personal philosophy and are accompanied by thought-provoking sections exploring this ...

1000-Word Philosophy: An Introductory Anthology ...

At one extreme lies the view known as isolationism, according to which a knowledge of the artist's biography, historical background, and other factors is irrelevant to an appreciation of the work of art and usually is harmful in that it gets in the way, tending to substitute a recital of these facts for the more difficult attempt to come to grips with the work of art itself.
